Nestled within 26 beautiful acres and perched on a hilltop overlooking the scenic Hudson River in Hastings-on-Hudson, Andrus on Hudson, a not for profit, has been meeting the needs of senior adults for over 60 years.

Andrus specializes in skilled nursing, palliative care, hospice and short-term rehabilitation. Here individuals can experience the security of a high quality life with a range of exceptional support from a trained staff where one can recuperate, recondition, or age gracefully in an ideal setting.

While shared rooms are the norm at most nursing facilities, it’s not at Andrus. The reason is simple. We want to free our residents from the petty annoyances and

conflict that usually comes from sharing a room with a stranger, or stress from transitioning from home.

Having a private room also means more privacy, and choice, less chance for infections, more sleep and the opportunity to decorate the room to personal tastes. Family visits are also more convenient. There are no curtains to close, TV too loud or voices to lower. That’s why our visiting hours are 24 hours a day, 7 days a week.

This is not an investment in luxury. At Andrus on Hudson, a single room with bath is standard, whether your stay is financed privately or through Medicare, Medicaid or private insurance.
